

Augmented Reality Experience

Getting Started!

- Minimum Age: 8+
- Do Not Enter without staff supervision!
- Do not remove the headset without instructors help.
- Please raise hands if assistance is needed, throughout the experience.

Please take note:

1. An **electromagnetic** field is emitted from the headset - can be harmful to those with cardiac pacemakers, hearing aids or other medical implants.
2. Motion sickness is possible.
3. AR may cause nausea. (Sick bags are available on-site).
4. There is a risk of slip/ trip/ fall.

The AR room is **not recommended** for:

(1) People that suffer from:

- Sensory processing disorders.
- Motion sickness.
- Epilepsy or a history of seizures or loss of consciousness.
- Vision abnormalities.
- Psychiatric conditions.
- Heart conditions.

(2) People with pre-existing injuries or conditions.

(3) People who are intoxicated or under the influence of any substance.

Take a break!

We advise a 15 - 20 minute break to be taken after 30 minutes of activity, especially before starting any other Explorium sporting activities. Allow sufficient recovery time after using AR before operating a motor vehicle.

Zone Rules

- No running.
- No food, chewing gum or drinking in the AR area.
- Anyone suspected of being under the influence of any substance will be refused admission.
- Follow your instructor's guidance. Please respect our staff. Instructors have the right to refuse entry. Constant refusal to adhere to instruction will lead to removal from AR experience.

Just Ask!

Please ask an instructor if you have any questions!
